Antwerp, 8 March 2022

Dear Valued Business Partner

All of us at Viva Packaging Europe and Viva Packaging Poland are absolutely horrified by the events that are currently taking place in Ukraine. Our hearts and thoughts go out to the people of Ukraine who are suffering as a consequence of the Russian invasion.

Viva Packaging Europe and Viva Packaging Poland do not currently, nor do we intend to in the foreseeable future, conduct business, trade or otherwise, with any company or individual located in the Russian Federation or the Republic of Belarus. As always, we comply with all relevant legislation and regulations, in this case specifically including EU sanctions against the Russian Federation.

Since our business is not at all depending, directly or indirectly, on trade with companies or individuals located in the Russian Federation, the reliability of our business lines with you will not be affected. However, we cannot neglect the impact the situation in Ukraine has had on the price levels of our base materials.

As a token of our support, employees of Viva Packaging Europe and Viva Packaging Poland have contributed to humanitarian aid programs for Ukrainian people in need. As a company, we also want to do our part and we have made financial donations this week to:

- The United Nations World Food Programme (wfp.org)
- Médecins sans Frontières / Doctors without Borders (msf.org/Ukraine)

In support of their programs to help the people of Ukraine.

With our warmest regards

Yves Sterckx
Managing Director Viva Packaging Europe
